EGYHAND

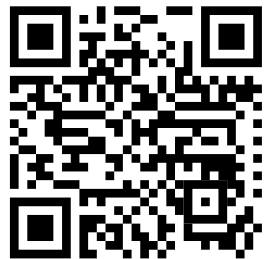

BUILDING A BETTER
CIVIL FUTURE

THE COMPANY

EGYHAND GENERAL CONTRACTING LLC (EGC) in UAE. We have a vast experience in construction and facility management services. Our team has expertise in residential, commercial and industrial construction and has the ability to deliver any scale of construction project. EGC was established in the year 2022. Since our inception, we have proved our abilities in handling industrial, residential, housing & landscaping projects. Samara takes the pride with passion for construction, with its workforce to integrity, honesty, hardwork with commitment. We provide the highest level of service to every client. We are able to achieve this by dedicating our time and energy for producing the finest quality of projects and services for our clients.

THE TEAM

Company Overview

We have been strongly committed to providing our customers with the highest level of service in the building and construction markets. Building and maintaining relationships with our customers is at the heart of our business and we have a planning and management style that is consultative and systematic.

We believe in a proactive approach to all aspects of our business, but in particular to quality, safety and delivery. By getting this right, we give our customers confidence and peace of mind during the process of planning, design and construction. The hands-on responsibilities and team approach of company director Mr. Muhammad Zubair, underpin our organisation with a powerful and proven synergy.

We are partnered and group with professionals sub trades

in the industry and we have the ability to deliver any scale of construction project.

Because we employ our own qualified professionals and apprentices we are better able to maintain high standards of quality, safety and delivery. To support these staff we have a team of construction management professionals that includes experienced and qualified quantity surveyors, project managers and a dedicated full-time health & safety professional.

We are committed to the future of our industry and training is regularly undertaken externally and within our business activities. We encourage the next generation of builders through the internship programme and we engage with our community by supporting charitable events.
